The Official Journal of the International Society of Worldwide Stamp Collectors

A Universal Stamp Album Page

by Bernard V. Sigg (#748)

If you have been frustrated in your search for a suitable collection format to mount your collection, I offer you my solution to use in any way you desire.

The Problem - A space for every stamp you wish to mount does not exist in any album available from commercial sources. I tried everything - single albums -- Scott's Internationals -- misc. supplements - Result?: Frustration.

The Solution - The binder was easy. I found (at a discount office supply store) one-inch 3-ring binders at 97¢ each available in boxes of twelve. My entire worldwide used collection with spaces through 1955 is housed in 157 volumes.

The page was next - use your imagination -- what do you want? Numerical order (my choice) -- set compatibility -- exotic display, etc. My system is a three step system - (1) Master-Master, (2) Master, (3) Album Page, and the use of a copy machine.

Master-Master -- one page -- (See Figure 1) This is the foundation of the whole system. The page was drawn by hand and then copied. I tried 5x5 stamps but found 4x5 is better considering today's larger stamps. My Master-Master page has 20 blocks. Each block has small spaces at the bottom for recording information -- catalog number/value/condition/perf/watermark/etc. Again the choice is yours.

Master - As many as

(Continued Page 2)

August 20, 1994

Items received after deadline
will appear in another issue..

Album Pages (Continued from Page 1)

required - 1 copy each. You type numbers on a copy of the Master-Master to make Master originals for each set of 20 stamps. Thus Scott # 1-20 becomes a Master, Scott #21-40 another, Scott #C1-C20 another, any 20 stamps or whatever.

Album Page -- To create an album for a country, say Australia, all that is necessary is to select Masters for the desired stamps; copy the Masters, type Australia at the top of each page, punch holes on the left and instant stamp album (See Figure 2). My Australian Album has spaces for Scott # 1-1500, C1-C20, L1-L100. For Blocks and multi-stamp sets, using one number -- just copy a Master-Master and type it to suit and insert it in numerical order.

Depending on how many stamps are actually in a binder -- 2000 to 3000 -- is about the limit per one-inch binder. As my albums are strictly alphabetical by choice, my binder contains Ascension, Australia, Azerbaijan, and Azores, and has the country names typed on the end and is #8 in my series of albums. USSR (Russia) requires three binders with pages 1-6400, B1-180, C1-C140, L1-L20, N1-N60, plus Armies and Offices.

If any member would like a copy of my Master-Master please send an SASE to me at P. O. Box Q, Titusville, FL 32781

•• (Editor's Note: This idea could be easily adapted to using a computer to layout and generate the different pages.)

The President's Column by Tom Fortunato (# 379)

This issue features a roster of the membership. It has been almost two years since the last one, and boy have we grown! Excuse the rather small type used, however we have had to consider the expenses involved with its publication. All good philatelists should have a magnifying glass handy! My thanks to Joe Doles (# 933) who spent many hours preparing our membership list for this roster.

As you read in the last *Circuit*, we are in need of a new newsletter editor by the end of the year. If you have any experience in this area, please write or phone me for details.

Two ISWSC meetings are scheduled soon. The ISWSC will meet at STaMpsHOW'94 in Pittsburgh, PA on Saturday, August 20. Another meeting will be held during Phil-Ex at Toronto's Convention Centre on Saturday, September 10. Come join us! ••

New Sales Circuit Manager Named

Jim Watkins (#372) has been named the new manager of the US ISWSC sales circuit program. The former manager, Judy Hungerford, had to leave the position due to time restraints. Jim has been and will continue to be a co-manager of mail sale/auctions, fulfilling bids. Any US member interested in the sales circuit program may contact him at 2123 Cedar Way, Stockton, CA 95207. Include a #10 SASE for details on buying or selling stamps through this service. ••

Beginner's Column by Al and Mildred Felnberg (#361)

Semi-postal stamps is the topic for today. They are a form of a tax on postage. Scott lists them with a "B" in front of the number. In some countries they are mandatory and must be used on all mail; in other instances they are voluntary. I collect them because I find them to be very educational. You can learn a lot about a country from these semi-postals. They usually portray the purpose for which they are issued. A good bit of the funds go to charity, youth programs, hospitals, etc.

Some collectors believe these stamps were issued primarily for collectors and refuse to collect them. In most cases they cost more than regular postage issues but were issued in lesser quantities therefore increase in value faster. Like regular stamps, price is based on supply and demand.

My favorite semi-postals come from Belgium. Some may say that there are too many of them and too costly, but I find them fascinating, colorful and

beautiful stamps. Quite a few are engraved and I have always preferred engraved stamps.

The best way to collect them is to buy complete sets. Broken sets are very hard to fill. If you find them too expensive you may want to buy short sets avoiding the most expensive stamps in the set, thus you can have a few stamps from each set. Of course, like any broken sets they have little value when you dispose of your collection. Some early semi-postals are regular issues overprinted or surcharged with the extra denomination. Once you start collecting semi-postals you will find it hard to stop.

Some countries issue semi-postal airmails. Scott catalogues list them with a "CB" in front of the number.

I don't recommend semi-postals for everyone but for those of you who can spend the extra money I'm sure you'll find them as fascinating as I do. ••

Debs 1992 Supplement Released

A supplement to Debs first worldwide album was issued a few months ago. It adds about 1,600 1992 issues to the main album, covering almost 10,000 stamps and souvenir sheets in all.

Unlike the album, the supplement was printed on single sided paper and developed completely electronically. The resulting print provides sharp, clear images. A brief errata notes corrections to the main album itself. Some 1991 and 1993 issues were printed in error. The validity of some of the Russian local overprints, such as Chechenya, are written of here as well.

The supplement is available for \$25 (plus \$6 shipping) from the publishers. Topical collectors will appreciate the well annotated index of 1992 issues. Its extensive listing is quite detailed, allowing quick access to the actual issue in the album. This is offered separately at \$20.

* For further details, write: J.H. Debs Co., 1738 Union St., Suite 100, San Francisco, CA 94123 or phone (415)474-5046. ••

Stamps at Face Value

Many members are opting to pay their dues in face value mint stamps in full sets from their native country. An updated list of these is now available to any ISWSC member wishing to purchase them at very reasonable prices. They are great for any topical or country collector. For the latest list, send a SASE or IRC to the president, Tom Fortunato, whose address is in the masthead. ••

Secretary-Treasurer's Report by Carol Cervenka (# 498)

The new 1994-95 ISWSC Roster is being mailed with this issue of *The Circuit*. PLEASE THROW OUT YOUR OLD ROSTERS AND OLD UP-DATE PAGES! We have received complaints from former members that they are still receiving mail several years after they have resigned for one reason or another. Rosters seem to have a half-life akin to plutonium! The new Roster (and the inevitable up-date page) is as current as we can make it. It also contains the listings for members #1178 through #1189 which were inadvertently left off of the May-June up-date pages.

Another former member writes that he received 20+ trading inquiries within a 2 week period. He is one of the few members we had in a very popular country. I'm sure you can understand that overseas postage — to say nothing of the work involved in replying — would badly dent the budget of most retired folks. NO NON-USA MEMBER IS OBLIGATED TO REPLY UNLESS YOU SEND AN INTERNATIONAL REPLY COUPON! Think how you would feel if the you got that volume of mail from overseas members! We are fortunate in the USA to enjoy a standard of living that many nations do not have. An IRC can truly help you establish good trading relationships without unduly penalizing your potential overseas trader.

How many of you have searched the discount stores, looking for philatelic items to give a child or grandchild? Frustrating wasn't it? H.E. Harris & Company reports that worldwide collecting kits ranging in price from \$5.95 to

\$19.95, will soon be available in Wal-Mart stores. If you don't find them in YOUR Wal-Mart, ask the Manager to stock them. The kits contain a small album, stamps, a magnifier, and hinges. Just right for that youngster you've wanted to interest in stamp collecting! Hopefully, this will lead to better availability of basic philatelic supplies in other mass markets, too. The decline in new collectors is often due to the difficulty of finding supplies to keep interest levels high. Gone are the days many of us remember when finding packets of stamps and other supplies was as easy as going to Woolworth's. Congratulations to H.E. Harris for an eagerly awaited marketing move!

Jim Watkins has a number of older Scott catalogues he will send to youth groups (or anyone who wants/needs them); all he asks is payment of postage/shipping costs. If you are interested, write to: Jim Watkins, 2123 Cedar Way, Stockton CA 95207.

We have several new youth members. Please help these young people by sending some stamps to them, if you can. Most are beginners and will be able to use nearly anything in the way of philatelic items. Quite a few enrolled as a result of the *Good Housekeeping* mention on page 88 of the June issue. Mail continues to pour in! Over 200 requests for information have been received and more are expected. Many will join JPA (also mentioned) but we hope we can show these young new ISWSCers that we truly want them in our Society, too. ••

Educate Kids - Give Them Stamps

Leader to Leader Program

by Albert H. Feinberg, Program Coordinator

Considering that we have not advertised this program as of the writing of this letter, we are getting some response. Most comes from names of leaders that I get from *Linn's* or *The American Philatelist*. When I see these ads I send out a copy of our introduction letter and an order blank. The response hasn't been that great only about one in three reply. Most just ask questions although some do order our albums. I get a greater response from members of their clubs seeking free stamps. Most children do send the required SASE. I send the free stamps regardless.

We are still working on the booklet that we are preparing. That thus far has copy of all our Beginner's Columns from *The Circuit*. I am working with Tom Fortunato to work out the bugs. The booklet was his idea. We made a couple draft copies and sent one each to Tom and Carol Cervenka for their suggestions. Hope to have it ready for use in the near future.

I sent letters of introduction to the Boy Scouts and Girl Scouts. No answer from the Boy Scouts but the letter from the Girl Scouts was returned with no forwarding address. We matched a few clubs and hope they work out. So far I haven't heard from any matched club leaders.

Was visited by member John Rose (# 1011) which proved to be very interesting. We discussed his future albums and shared notes. John seems dedicated to producing various albums to be photographed by youth club leaders. Nice to have him aboard.

That's it for now. ••

Junior Stamp Club in Malaysia

Malaysian Junior Stamp Club flourishes under the guidance of ISWSC member #976 Pat Simon (top row, second from the right). The picture was taken at the Christmas Party held annually in Pat's home, and shows about half of the group of 45. Pat wishes to thank ISWSC member Paul Grimes (#778) for sending books and catalogues to the Group. Stamps have been sent to the group by Australian Regional Secretary, Peter Scannell, and several members in the USA. All stamps and supplies are deeply appreciated. Pat and the children participate in ISWSC's International Leader to Leader Program.

Raech's Ruminations by R. H. (# 363)

This is a memorial to our dear member Richard Hargrove (# 363), author of the series of columns known as Raech's Ruminations. It is with sadness that I report his death from a sudden illness.

ISWSC members will remember him as a writer who tried to make us see things from a different perspective, often with good humor. In recent times Richard suffered eye problems which slowed him down, but did not stop him. He continued to send in his column, having his wife Eileen write it out for him. (We thank her for helping him remain a part of ISWSC and *The Circuit* by being his eyes and hands.) I for one will miss his columns. He was also an active trader, so I'm sure many ISWSC traders will miss him, too.

ISWSC sends our deepest condolences to his wife and family.

Letter to the Editor

It is my opinion that it is downright ridiculous that the editor of *The Circuit* is not paid a salary. What do the Management think that you owe to all its members? The same goes for the Secretary-Treasurer position.

I would be interested in knowing approximately how many hours per unit of time you have to spend to put out *The Circuit*, per month or per year. It is high time that a proper salary was calculated. ISWSC is not a small organization anymore and these two positions require a good many hours. Dues would have to be increased somewhat and the cheapskates would drop out, those who want something for nothing. But so what? •• Harold J. Humm (# 678)

Editor's Note: ISWSC has been an all volunteer organization and likely will be for the foreseeable future. Being paid would not alleviate my problem of time constraints. I do appreciate that you comprehend the amount of work both Carol and I have donated to ISWSC. Thank you for your kind thoughts.

The Circuit is published bimonthly by the International Society of Worldwide Stamp Collectors. Subscription available only with paid membership. Copyright 1994 by ISWSC and/or authors. Opinions expressed are those of the authors and not necessarily those of ISWSC. ISWSC or its officers assume no responsibility for individual dealings of members or advertisers, however ISWSC will attempt to mediate any complaints. All advertisements subject to approval of ISWSC.

USPS Does Something Right -- Recycling

That plastic milk jug you recycle may end up in the US Postal Service! The large Express and Priority Mail envelopes are made from a product called Tyvek, which is partially made from plastic milk jugs. DuPont uses 3-4 million milk jugs each month to manufacture Tyvek. In an effort to make the postal service more environmentally responsible, Postmaster General Marvin Runyon has worked with envelope manufacturers to develop products using recycled materials. ••

Whatzit? # 94-5 Answer

Several members have written in reply to the *Whatzit?* # 94-5 query (The Circuit, May-June 1994). Many thanks to those who've added to our knowledge with these replies.

•• Mr. L. Laurinovics (# 893) writes: Blame it on the Russians - or Ukrainians, to be exact. According to Scott's, this stamp is somewhere between a local post and outright fraud.

1969 Scott's catalog lists this stamp under #109, one of a series numbered 81 - 141. They are priced only as mint, "used" being known only as CTO "Constantinople." The stamp (#109) is valued at 4 cents, translating to the current 15-20 cent range.

A quick check in Scott's 1983 reveals the set is dropped from listing and a note states that "This overprint ... was privately applied ... in Turkey. The overprinted stamps were not issued."

If it were my stamp, I would try to get additional information and historic background by contacting the Ukrainian Philatelic & Numismatic Society (c/o Mr. Val Zabijaka, PO Box 3711, Silver Spring, MD 20918) or similar organizations. Or, more probably, I would stick it on a back page of my Ukrainian album and forget about it. ••

•• Al and Millie Feinberg also found the stamp (# 109) listed under Ukraine in a 1957 Scott Catalog. Check under Ukraine # 74 in the current catalog for a mention of this issue. ••

•• John A. Dalton (#1205) adds: The stamp is Russia - Offices in Turkey # 27 - Orange 1k with a 4pa overprint in blue. The additional overprint are the initials of the Russian Company of Navigation and Trade and were privately applied for use in the Ukraine. The stamps as overprinted were never issued by the Ukrainian post office.

#27 exists with an inverted 4pa overprint in blue - (# 27a). The overprint also exists in black (# 28) as well as inverted (# 28a). It is not known if the Ukraine overprint was ever applied to an inverted 4pa - it would be quite a rarity if it were. ••

Editor's Notes by Rita Kallal (# 26)

Just a reminder that a new editor is needed by the end of this year (1994). If you are interested, please contact President Tom Fortunato (# 379) for details.

Another item to think about is running for office — the next election is fast approaching so if you'd like to run for an office or to serve on the Board of Directors, contact ISWSC Vice President of Elections, Dave Park (# 747). We'd like to have a full slate of candidates, if possible.

The annual APS show is coming up August 18-22. ISWSC will hold a meeting with President Tom Fortunato presiding on Saturday. Check with Tom for information or read the schedule in the APS show handbook you'll get at the door. If you haven't attended a big stamp show, make an effort to attend this show. I was able to attend the APS show last summer in Houston, Texas. It was great fun. The exhibits are very interesting and you'll have a chance to contact dealers from all over the US, Canada and Europe. Plus you'll get to attend the ISWSC meeting and meet some fellow members. Stamp shows are great fun, but do wear comfortable shoes as you'll be walking and standing alot. The only things I didn't like were not having enough time to see everything and a lack of money to buy all the goodies I found at dealers' booths. Take a fat wallet, your catalog and want list, and wear comfortable shoes and you'll have a grand time!

In a letter to the editor, Harold Humm suggests the Secretary-Treasurer and Editor should be paid for all the time the positions require. While this seems like a reasonable idea, it would then leave ISWSC open to having to pay for other now voluntary services performed by members (auction managers, sales managers, swap managers, etc.) as these positions also consume a good deal of time. As ISWSC gets bigger, salary for many offices and managers may have to be considered. Would more members be willing to serve as officers or managers if they were paid? Which positions would we pay for and which not? How much should the salary be? How much would the dues have to be raised to cover this expense? What do YOU think about this idea?

It is a pleasure to see all the Y's on the membership numbers in our new roster

Wishes to Trade with Beginner in USA

As a member of the ISWSC Welcoming Committee, Randi Selehdar (# 741) received an inquiry from a fairly new Algerian member Elitim Abdelkader (# 1088) in which he requested help in finding a beginning collector in the USA with which he can trade and correspond. He is a beginning collector and the USA is a new area for him. (Editor's Note: Although he mentioned that his English isn't very good, I found it quite good, including proper English sentence structure.) If you are interested in corresponding and/or exchanging stamps, please write to him first (see address in roster).

••

**Come to STAmPsHow'94
in Pittsburgh, PA
from August 18-21.**

**The ISWSC meeting is
scheduled for Saturday,
August 20.**

Join ISWSC

**President Tom Fortunato & others
planning to attend.
For updated details,
write or phone Tom.**

— to see so many children are becoming interested in stamps. I hope they will find it as educational and enjoyable as I have all these 25-plus years. Hi, kids — welcome to ISWSC and the wonderful world of stamp collecting!! ••
