

MAIL BID SALE #65 ~ SOME NEW FEATURES!

Lots of good stamps and items for you to dig through at great prices. A word of advice: use a ruler or straight edge to avoid bidding on the wrong item.

On another matter, I am still looking for a replacement. I have a step-by-step instructional that I can email (or send by regular mail) to anyone who's interested. This will give you an idea of what it takes to build and execute a Mail Bid Sale from beginning to end. You will receive at least two completed future sales so you will have some time to "get your feet wet" before doing one on your own. I will also provide assistance and advice. Finally, I will personally deliver the two completed future sales and any unprocessed material and supplies (in the lower 48 states). I will also hang around for a day or so to help you get started. Hey, my offer is getting better and better, don't you think? Contact me by email, regular mail or call me, (562) 695-0104. Have a great time with this sale!
