## MBS #85 - NEGLECTED COUNTRIES!

his sale is again quite large. Pay particular attention to the countries that aren't usually so well represented: Egypt, Singapore, Syria and Thailand. We also have a nice selection of German States to check out. For Great Britain enthusiasts, there are quite a few Machin head lots at very good prices. This sale also features a number of Aegean Islands and Trieste stamps. The worldwide section is also much larger than usual. Don't overlook the Bargain Bin - there are several very large lots at a fraction of CV, and classic Switzerland at good prices as well.
